catalano introduces the newflush™ system

The new system revolutionizes performance and functionality of ceramic toilets. The vortex-flushing system utilizes all available water to guarantee maximum flushing performance. Furthermore, the rimless feature allows an easy and more effective cleaning.

KEY FEATURES:

- Environmentally friendly
- High-quality ceramic
- Saves water

ATTENTION:

- As of September 21, 2015, Waterstone will be temporarily suspending their polished copper finish products.

We *love* great design.
