A complete new range of modern accessories from INDA, called MILANO, will be introduced in our new 2012 Inda price list. The Milano range is conceived for extra sturdy installation, by foregoing the usual hidden set screws.

The ever popular Hotellerie line will be re-introduced, with a much wider variety of products readily available. Naturally, the complete Hotellerie list of items is available for any project, with aggressive project pricing.

Inda Confort:

A new range of designer grab bars, available in Chrome or Rubber-Black and Chrome, will be introduced in the 2012 price list.

Essentials London:

A new series will be added to the Essentials Accessories line, with a unique new shape. Available in chrome with acrylic glass.

Essentials Softy:

This interesting freestanding 3 piece set will be available in either round or square design, in orange, green or black/grey. As the name implies, a soft-touch paint is applied to these ceramic pieces. The complete 3 piece set will list at \$89.

Perrin & Rowe:

Multiple new accessories will be added to the new P&R price list for 2012. These include a freestanding soap dispenser, sliding rail soap basket, towel racks, glass shelves, shower baskets, a spare toilet roll holder, mirrors and wall mounted toilet brush.
