AVAILABLE NEXT MONTH

We are very pleased to introduce Newform to the Nortesco collection of products! We know that for some time now, Nortesco has lacked a complete modern bath series, so we are very confident the addition of Newform will help strengthen our product offering. In just a few weeks you will be receiving our new 2013 price book for Newform, which includes 10 complete series for bath. The price book indicates which products will be in stock at Nortesco. If ever you would like to order products not found in our price book, please contact your Nortesco Sales Representative.

Hansa has introduced its 2013 list prices in the USA, and subsequently we are adjusting our Canadian List prices on some items. All items not listed on this spreadsheet should be considered as discontinued by the manufacturer. Please also note that although the codes have not changed, Hansa has changed the name of the “HansaForm” series to “HansaEdge”.
